Group reflection

- How did you feel about this milestone? What did you like about it? What did you dislike?
 - This milestone introduced our group to think macro in order to create micro solutions for the engineering department intranet system.
- What did you learn about yourself as you collaborated and worked through this milestone?
 - We learned that having fun as a group elevated our creative thought in brainstorming.

Group Reflection(cont.)

- How will you use what you have learned going forward?
 - To make sure to plan ahead also to have as much fun as we can.
- What “stuff & things” related to this milestone would you want help with?
 - The technical details of the intranet system and the current stakeholders experience.

thank you for caring
